EDU-CODE
Fostering Coding Education in Europe

What is EDU-CODE?

EDU-CODE an European Erasmus+ Project that aims at offer a training platform, where the participants can acquire technical and transversal skills that increase their capacity to solve problems in technology-rich environments. The use of coding in everyday life has become an ever more present; with EDU-CODE we want to help adults to learn basic coding, through the delivery of training materials, examples and resources.

ACTIVITIES

Edu-Code Demonstration Day in Madrid

The EDU-CODE demonstration day will be organised in Madrid on the 28th of September with the collaboration of FUNTESO as a CATS#MAD event. It will present the results of the project and will exhibit experiences in every coding from different entities.

Coding News around Europe

✓ **EU CODE WEEK 2017 - October**

Europe Code Week is a grassroots initiative, which aims to bring coding and digital literacy to everybody in a fun and engaging way. In 2016, 968,537 people participated in 50 countries in 20,343 events.

Learning to code helps us to make sense of how things work, explore ideas and make things, for both work and play. What's more it helps us to unleash our creativity and work collaboratively with wonderful people both near us and all over the world.

Additional information: http://bit.ly/2y87SF6

✓ **Computer Education in Europe**

European Schoolnet has through systematic work presented in recent years "Computing our future. Computer programming and coding. Priorities, school curricula and initiatives across Europe"?

Download the infographic: http://bit.ly/2w2dq3j

I´m interested,
where can I find more information?

You can find out more in **www.edu-code.eu** and in our **Facebook page** also if you would like to participate directly please do contact us, as we will be delivering practical events during the month of September and October (2017)where you can test and go over all the materials and results.

Locations:

Madrid, Barcelona, Lozd, Milan, Athens and Drammen.

How much is this going to cost me?

Thanks to the funding received under the ERASMUS+ programme you can have access to our developed training modules for **FREE!**

OUR TEAM

Co-funded by the Erasmus+ Programme of the European Union
